Floral City Garden Club

The Garden of Inspiration

Welcome to the New Year.

State's motto for the year is "The Garden of Inspiration.....Our garden provide the inspiration for working together, with members, the community and our youth". Let us remember these mottos as we start our new year and work together to grow our garden club, maintain our community gardens and remember to help the youth of our community when we can by doing our part as a member to make sure the Floral City Garden Club continues for another 59 years.

All of our members worked together last year to run two very successfully fund raisers that supported our scholarship program and our club's financial needs. This created a foundation for future successful fund raisers where everyone works together. We can grow our garden club with both membership and financially when all members share their talent and knowledge.

Thank you for the support you gave me last year and I am looking forward to another exciting year as your President.

Lona Bassett

Floral City Garden Club President
